studied and revised by the experts and the following comments were given by the experts

1. The syllabus has to be designed as per the needs of the state which will enhance the job employability of the learners/students.
2. The USP of any Social Work Course is field work experience which provides an opportunity to the students to integrate theory with practice. There is a need for Skill oriented (field work) syllabus which will enhance the research and social work techniques of the students.
3. More electives paper should be incorporated in the syllabus as per the demands of the Social Sector field/Market.
4. Syllabi have to be revised from time to time to add some new emerging areas in the field of social work.
5. It is important to provide students an elaborate field work manual for day to day guidance. The Manual will contain rules and regulations, objectives of the field work in a semester and various tasks to be performed in the agency. It will also explain the nature of supervision provides at the agency level and the periodical contact with the Centre/University. The draft of the Manual may be discussed in an expert Committee to be appointed by the Chairperson.
6. It was resolved that the scheme of courses for MSW as given in annexure 1 be approved. However, the detailed syllabus requires some changes and editing which may be carried in due course of time.
7. It was resolved that the necessary changes required, if any may be made by the Dept. with the permission of the chairperson of the meeting.
